

## **Vaccine Supply Update - NorthShore University HealthSystem Receives More H1N1 (Swine) Flu Vaccine**

NorthShore has received a second supply of H1N1 flu vaccine. At the direction of the Centers for Disease Control and Prevention (CDC), the supply has been prioritized initially for NorthShore staff in direct patient care positions, and employees who are pregnant or who care for very young children. The first supply of H1N1 flu vaccine was also distributed to direct care providers.

We expect to receive more of the vaccine in the near future. Please continue to check the NorthShore web site for updates on availability.
