Questions?

Thank You for Joining Us!

The screenshot shows a web browser window displaying the NorthShore University HealthSystem website. The page title is "Community Investment Fund". The navigation bar includes "About Us", "Donate", "Professionals", "Careers", "Pay a Bill", and "NorthShoreConnect". The main content area features a large image of people participating in a community cleanup activity. Below the image, there is a text block explaining the purpose of the Community Investment Fund (CIF) and a call to action to apply for the 2024 program. The text states: "At NorthShore University HealthSystem (NorthShore), which includes Swedish Hospital and Northwest Community Healthcare, we believe that to truly care for the communities we serve, we must have clear understanding of community health needs and get involved in our communities. The Community Investment Fund (CIF) is one of many ways in which we seek to engage locally and provide community-connected care. In 2024, NorthShore will award up to \$5 million to local partners to elevate health and wellbeing, advance health equity and support local economic growth. We are now accepting applications for our 2024 Community Investment Fund. To apply: Step 1: Learn about the 2024 CIF program: • Review the Community Investment Fund purpose and guidelines. • Check the service area map and zip code list. Awards will be prioritized based on impact to the population."
