The MRW LIFE Program survivorship visit with a specialized advanced practice oncology nurse features developing and discussing a customized Survivorship Care Plan tailored to each cancer survivor as a unique individual visit. During the visit, which is available face to face in the Kellogg Cancer Centers or virtually through NorthShore’s telehealth program, patients receive information regarding their cancer diagnostic and treatment summary, follow-up and surveillance guidelines, long-term and late-effects of cancer treatments, healthy lifestyle practice recommendations and additional resources.

Colon Adjuvant Chemotherapy Based on Evaluation of Residual Disease study is done to determine what kind of chemotherapy to recommend to patients based on the presence or absence of circulating tumor DNA (ctDNA) after surgery for colon cancer.

Open to people diagnosed with Stage IIIA or IIIB colon cancer or stage II or IIIC that have had Signatera test, with no evidence of metastatic disease and had curative resection.

For more information, contact: Michele B. at (847) 570-2109

Do not forget to schedule your MRW Living in the Future (LIFE) Cancer Survivorship visit after completing treatment!

Make an Impact:

When you donate to Kellogg Cancer Center, you make a real impact for our cancer patients—your family, friends and neighbors. To make a donation to Kellogg Cancer Center go to foundation.northshore.org/donatekellogg

To learn more about other ways you can support the Kellogg Cancer Center and transform lives, contact Kevin Gray, Senior Director, Philanthropy, at (224) 364-7609 or KGray@northshore.org.

**BE EDUCATED**

Evenings of Survivorship
northshore.org/LIFE
Join us for the “Evening of Survivorship Programs” which are the Myra Rubenstein Weiss LIFE Cancer Survivorship Program’s educational workshops. Conducted by NorthShore’s health professional survivorship experts, the seminars cover major topics regarding cancer survivorship and promote the acquisition of skills to understand, select and navigate community-based survivor resources.

The topics in the series include cancer distress management, nutrition, fitness, cognitive function, genetics, rehabilitation, and sexuality and have a focus on the survivorship perspective.

Evenings of Survivorship are held virtually via ZOOM. They are available to the community at large and are free of charge. The seminars may also be presented during NorthShore’s cancer support groups.

Nutrition Myth Busters
Thursday, October 26, 5:30 p.m. via ZOOM
Join us as the Kellogg Oncology Dietitians address common misperceptions and the hottest topics in oncology nutrition. Our experts will help you discover key components of a cancer protective diet and gain confidence in your ability to choose the foods that will nourish your body and mind.

RSVP: apatel4@northshore.org or (847) 926-5818

Young Women Breast Cancer Panel: “I’m Too Young to Have Breast Cancer!”
A virtual workshop for young adults diagnosed with breast cancer.

Thursday, October 19, 5:30 p.m. via ZOOM
Young adults with breast cancer often face some unique challenges of dealing with a serious medical illness while also juggling relationships, careers, fertility concerns, and more.

Join a forum of NorthShore medical experts for a program tailored to young adult women with breast cancer.

RSVP: northshore.org/ywbcevent

**MAKE CONNECTIONS**

Imerman Angels’ mission is to provide comfort and understanding for all cancer fighters, survivors, previvors and caregivers through a personalized, one-on-one connection with someone who has been there. Imerman Angels partners anyone, any age, any gender, anywhere and any cancer type seeking support with someone just like them—a “Mentor Angel”. A Mentor Angel is a cancer survivor, previvor or caregiver who most importantly has faced the same type of cancer. They provide support for caregivers, including those who may be grieving the loss of a loved one. Previvors and high-risk individuals are people who have not been diagnosed with cancer, but have a predisposition to the disease due to their genetic makeup, family history or other factors. This service is 100% FREE to all people facing cancer.

Contact: (866) IMERMAN (463-7626) or info@imermanangels.org

Look Good...Feel Better LIVE! Virtual Workshops
Look Good Feel Better offers five types of Look Good Feel Better Live! Virtual workshops. Learn about skin care and makeup, wigs and head coverings, nail care, or body image and styling.
