

CarePages: Your Personal, Secure Website

Taking Care of Yourself | Kellogg Cancer Center

northshore.org/carepages

NorthShore is pleased to provide CarePages as a resource for patients and their loved ones. Through **northshore.org/carepages**, a free, private and personalized social network, members can build their own community of support. You or a loved one can create your CarePage in a few, quick steps and begin sharing your journey and building your community of support.

To get started, visit **northshore.org/carepages** and click on “create a CarePages website” link at the top of the page. Begin sharing your story today!

The screenshot shows a user's CarePage on the NorthShore University HealthSystem website. The page is titled "Welcome to Krystin's CarePage". It features a search bar at the top right (1), a "Latest Updates" section (2), a "My Community" section (3), a "Photo Gallery" section (4), a "CareCompliment" section (5), and an "Invite Others" section (6). The page also includes a navigation menu, a welcome message, and a "How to Show Support" section.

- 1 Search Box** – find other CarePages users and build connections
- 2 Live Updates** – your network is alerted every time you post an update
- 3 Personal Profile** – share your story
- 4 Photo Gallery** – create a personal album of up to 100 photos
- 5 Compliment Staff** – recognize hospital staff who go above and beyond with a CareCompliment
- 6 Safely Build Your Network** – control your privacy level and invite others to follow your CarePage
