- Highland Park High School Student Board

Our community service projects include:

The Auxiliary of NorthShore University HealthSystem (NorthShore) at Highland Park Hospital is a volunteer organization that raises funds and friends and provides services to Highland Park Hospital and NorthShore. It operates within the auspices of the NorthShore Foundation, our leading philanthropic entity. The Auxiliary also promotes health awareness and the Hospital's programs within the community.

About The Auxiliary

Thank you for 90 years of giving
to The Auxiliary at Highland Park Hospital.

Contribute to The Auxiliary to Fight Diabetes in Our Community!

Be Well-Lake County is a diabetes program offering awareness, education, prevention and treatment to give patients and their families the tools, support and inspiration to lead healthier lives in our community. Key elements of the program are:

- Increased access to specialty care physicians at NorthShore Highland Park Hospital
- Diabetes education
- Diabetes research
- Nutrition education and support

The doctors at Highland Park Hospital are vital participants in making this program a success. With their world-class care, and the comprehensive services of the Be Well-Lake County program, generations of Lake County residents can look forward to improved lives—today, the next 90 years and beyond.

Please give generously.

Fill out the enclosed response card and send in your donation.
