## NorthShore University HealthSystem joins the Mayo Clinic Care Network

### Two teams of experts working together. Working for you.

Mayo Clinic Care Network selects NorthShore University HealthSystem as their **exclusive** member in the Chicagoland area. Expert physicians will work together to resolve hard-to-solve cases, doing everything possible to provide you with the **best care** in the least stressful way.

*What does this relationship mean for you?*

**More medical answers close to home:** Not only will you have access to NorthShore physician experts, but your NorthShore physician can consult with a Mayo Clinic specialist regarding your care. NorthShore and Mayo physicians will collaborate on the most complex cancer, cardiovascular and neurological cases using an electronic connection called an eConsult. This will allow you to get diagnosis and treatment options quickly and without the need to travel to Mayo.

**Facilitated access to Mayo Clinic if needed:** NorthShore and Mayo Clinic's close working relationship ensures a seamless and organized visit to Mayo. NorthShore doctors will collaborate with Mayo Clinic physicians on your behalf before, during and after your visit.

**Coordinated-post treatment care between Mayo Clinic and NorthShore:** For those who have visited Mayo independently, NorthShore can provide coordinated and ongoing treatment, close to home.

**Peace of mind:** You will experience comfort knowing that two expert physician teams are doing everything possible to provide you with the best care and outcomes.

*Other benefits of the relationship include:*

- Local community forums on the latest heart, cancer and neurological treatments, featuring NorthShore and Mayo experts
- Research collaboration between NorthShore and Mayo physicians, ensuring that patients receive the most advanced treatment options available

---

**Why was NorthShore selected to be a member?** NorthShore and Mayo Clinic have worked together for many years. Mayo selected NorthShore to be a member of its Care Network because of its excellent physicians and the high quality of care delivered at NorthShore University HealthSystem.

**How does an eConsult between NorthShore and Mayo Clinic work?** If needed and with the permission of the patient, NorthShore and Mayo Clinic physicians will confer on a patient's conditions and treatment options. These will be shared back to the patient.

**Will I get a bill for an eConsult?** Patients will not be charged for an eConsult.

**Are my records secure?** Yes, information sent to Mayo Clinic is done through a secure connection with your consent.
