Dear Traveler:

Thank you for contacting the NorthShore Travel Center. We are located within the Glenbrook Hospital campus Medical Office Building – North on the third floor. Enclosed is a brief description of our services along with a Travel History Form. Please complete the form according to the instructions and return it to us by fax 847-657-1759 (preferred), emailed to hperryman@northshore.org or drop it off at our office. A separate form is required for each individual traveler. Please be sure the forms are completed and signed before returning them. Incomplete forms may delay processing.

All travelers' health histories must be reviewed by our clinical personnel *prior* to your appointment. All immunizations require physician orders. We ask that you return your paperwork by the deadline specified when you made your appointment. This will allow enough time for your history to be reviewed. Also, it will allow our physicians time to place the vaccination orders. Failure to return forms by the deadline may result in having to schedule an additional appointment for vaccination administration.

We make every effort to accommodate your schedule. Proper travel immunizations may require up to 8 weeks in some cases because some immunizations must be given in a series. So please, plan as far in advance as possible. We ask that you please be respectful of the time scheduled for you and if you must cancel please let us know as soon as possible or at least 48 hours in advance.

Because the Travel Center is a self pay (out of pocket) clinic, ***payment is required at the time of service*** and can be made by credit card, cash or check. Self pay travel center means the services are provided as an out of pocket expense to you. We are not equipped to handle any type of insurance correspondence. We do not bill insurance, we do not issue claim forms, and we do not contact carriers for pre-certifications or authorizations of any kind. The NorthShore Travel Center is not a Medicare provider. Please keep in mind insurance does not generally reimburse for travel related immunizations or consults. *If you feel the service is covered by insurance, we suggest that you schedule your travel immunizations through your primary care physician.*

If you have any questions, please call us at (847) 657-5670. We look forward to seeing you at the NorthShore University HealthSystem Travel Center.

Sincerely,

Lynne Keefe, RN
